

**CLUB ROTARIO SANTIAGO GURABITO, INC.**  
FUNDADO EL 26 DE OCTUBRE 1976

Bill, Elk Grove RC and District 6440:

Today we start to tell the teacher about the importance of the water filter. (The name of the school is Jaime Rodriguez and belongs to the Community of Gurabo where we have a Rotary Community Corps, in Santiago Dominican Republic). We plan to work in two schools. This is the formal beginning of the MG # 68088 that we have with your club and District.

Previously, we have been working with the school with hand washing, brushing the teeth and general hygiene. The youth group of the Rotary Community Corp of Gurabo, JUASER, is working with us.

Next Tuesday we are going to train the kids and on 11 of December we are going to talk with the parents and deliver the filters.
